

THE PANTHER PRESS

SPRUCE GROVE COMPOSITE HIGH SCHOOL

**Building Excellence
& Success Together**

ADMINISTRATION MESSAGE

April always brings a sense of renewal and forward momentum, and this year is no different. At SGCHS, our current and future students have been busy thinking ahead—returning Grade 10s and 11s, have eagerly begun the course selection process. This is an exciting and important step as they take ownership of their learning and begin shaping their individual paths toward graduation.

While it's exciting to plan for next year, we also want to remind students to stay grounded in the present. With final report cards just a few months away, now is the time to finish strong and engaged in day-to-day learning. Some students may be starting the search for summer jobs or volunteer opportunities. We encourage students to strike a balance between looking ahead and giving their best effort to the tasks at hand.

We're proud to offer a truly composite high school experience—whether students are interested in the trades, fine arts, academics, athletics, or any combination in between, there's a place for everyone here. Our staff has been working hard to support students and families in making informed choices that align with their goals and interests.

Thank you to all who have helped guide these decisions—it's inspiring to see students engage in the process with purpose and enthusiasm. We look forward to the continued planning and preparation as we set our sights on the 2025–2026 school year.

Warm regards,

SGCHS Admin
